Dear Alumni,

I am writing to you representing an organization in Brewer call Friends of Brewer Schools, Inc. This organization was created to help fund several programs within the school system that were being eliminated from the school budget system. Our goal with this organization is to financially support a diversified level of school activities that would not be offered without the assistance of these fundraising efforts. Some of the programs Friends of Brewer Schools, Inc. has supported over the past few years but not limited to are; the Middle School Music Program, a Middle School Science Club, the new High School electronic sign and Middle School sports including field hockey and "B" Teams in softball and baseball.

Our major fundraising event is a golf tournament we hold in August each summer. This summer the 7th Annual Friends of Brewer Schools golf tournament will be held at Rocky Knoll Country Club in Orrington on Friday August 13th. We have provided information about the event for both participating as well as sponsoring the day's activities. Last year we had 78 participants and this year's goal is to exceed 100 golfers for a day of fun over 18 holes of golf.

I would love the opportunity to speak with you in person about this organization and its efforts and we hope your company might find it worthwhile to involve yourself in our school system. I am a small business owner myself and I realize the demands we face every day with our local economy and appreciate how you make decisions to spend your advertising dollars or contribution monies. Please feel free to contact me at 852-2827 to discuss any interest you might have in supporting this cause.

Sincerely,

Andy Nickerson
