## WHY SHOULD MY CHILD USE THE STUDENT HEALTH CENTER?

Working to complement the care your child receives from their primary care provider, Brewer School-Based Health Center (SBHC) staff provide immediate health care to your student at in-school health centers without the need to leave school for an appointment.

Treatment provided at Brewer SBHC will not take the place of your current Primary Care Provider. If your child does not have a Primary Care Provider, Brewer SBHC will provide that service upon parent's request.
